*1972 - 1973*

## SCOTTISH BIRDS — BINDING

Arrangements have been made for binding Volume 7 of "Scottish Birds". The charge is £2.25 for binding in red buckram, or £2.75 for binding in red quarter leather, both prices including return postage. The parts to be bound (Nos. 1 to 8 and Index) should be sent direct to the binders together *with your remittance to cover the cost of binding*. Back numbers may be purchased from the Scottish Centre for Ornithology and Bird Protection, 21 Regent Terrace, Edinburgh, EH7 5BT, but NOT from the binders. Previous volumes may also be sent for binding at the same time and at the same rates as Volume 7. *Please be sure to complete the binding form on the back cover* (with details of your name and address, remittance, and style of binding required) before sending the parts to:

**P. G. CHAPMAN & CO LTD**  
**Kent House Lane**  
**BECKENHAM, KENT**  
**BR3 1LD**

Volumes sent *immediately* will be returned within about three months, but this time cannot be guaranteed for volumes not sent promptly, as costs can only be kept down by binding a substantial number of volumes at the same time.

**Note** The nature and thickness of the quarterly sections tend to produce steps in the fore-edge of the bound volume, but the extra cost of producing the journal in smaller gatherings, mainly for the benefit of those who want to bind their copies, would not be justified.

***Volume 7***

1972 - 1973

# Index

The index is in three parts. The first is a general index to the various sections of the journal; the second is a list of all papers and short articles, and the third is an index of all significant mentions of each species. Only the first page of each reference is given, except in the index of papers and short articles.

English names are used throughout. A full list of scientific names was given at the end of volume 2, with additions at 3: 454, 4: 602, 5: 488 and 6: 472, and the short key lists only those species not previously mentioned.

The species index is selective rather than comprehensive. Titles of short papers and short notes dealing with particular species are included in abbreviated form, but otherwise only page numbers are given. All references in short notes, local status lists and lists of unusual occurrences, have been indexed. Passing and comparative references have usually been omitted, and other references within the body of papers and other contributions unless they are status reports or considered of special interest apart from their context. In particular it is emphasized that detailed and valuable information on migration and numbers of common birds in papers such as the Isle of May reports finds no place in the index of species.

Most records of migration, distribution and numbers appear in the annual Scottish Bird Reports at 7: 115-163 and 7: 331-385. These references are indexed following the abbreviation sbr.

## Regular Features

**Corrections** 103, 387

**Editorial** 1, 65, 105, 165, 225, 273, 321, 389

**Enquiries and Requests for information** 60, 103, 212, 269, 387, 417

**Letters** 267

32	Three eaglets in an eyrie (Dr E. C. Fellowes) ...	412

## Scientific Names

This is a list of species mentioned in the index to volume 7 but not previously detailed in the complete list in *Scottish Birds* 2: 515-517 or in the supplementary lists at 3: 454, 4: 602, 5: 488 and 6: 472. The nomenclature and sequence now used in the journal follow the 1971 BTO *Species List of British and Irish Birds* where possible, and otherwise are as previously indicated (2: 515).

<i>Egretta alba</i>	Great White Egret
<i>Ciconia nigra</i>	Black Stork
<i>Aix sponsa</i>	Wood Duck
<i>Anthropoides virgo</i>	Demolselle Crane
<i>Tringa macularia</i>	Spotted Sandpiper
<i>Calidris bairdii</i>	Baird's Sandpiper
<i>Glaucola pratincola</i>	Collared Pratincole
<i>Hirundo daurica</i>	Red-rumped Swallow
<i>Panurus biarmicus</i>	Bearded Tit
<i>Tarsiger cyanurus</i>	Red-flanked Bluetail
<i>Locustella lanceolata</i>	Lanceolated Warbler
<i>Acrocephalus aedon</i>	Thick-billed Warbler
<i>Anthus gustavi</i>	Pechora Pipit
<i>Rhodopechys githaginea</i>	Trumpeter Bullfinch
<i>Passerina ciris</i>	Painted Bunting
